2005 Builder Brand Use Study
Builder Magazine

First in Fiberglass Innovation

A 2005 survey of building industry executives ranked Therma-Tru the leader in fiberglass innovation.

Home Builder Executive

- #1 in Innovation for Fiberglass Entry Doors
- #1 in Innovation for Fiberglass Patio Doors

Therma-Tru Fiber-Classic® and Smooth-Star® hinged patio door systems received the Most Valuable Product (MVP) award for 2005 from Building Products Magazine.

our quality and customer satisfaction will e our dedicated employees, following this bas in our industry.

Our Company is dedicated to quality products, excellent service, leadership in our industry and true care and concern for the development of our people. We will be a cost leader and furnish the company with reasonable financial return to promote growth and ensure our future.

Our Customers are, and always will be, the most important aspect of our business. Our commitment is to provide our external and internal customer with unparalleled quality of product, service and workmanship.

Our Suppliers represent a key element in our business. They are partners in our quality quest, selected for their ability to provide quality, consumer accepted products, timely complete deliveries and continuous education for our employees and customers.

Our Employees are the heart and soul of our company, they are the force to accomplish the mission. We will do everything to ensure a desired working environment, encourage self-expression, nurture self esteem, promote education and practice positive human behavior skills.

Our Community is the foundation of our civic responsibilities. We will provide employment opportunities, protect the environment and contribute and support the local economy. By being a good neighbor, we will be a catalyst in making the community a better place to live.
